

# SL-POE6108GSFP

## Key Features

- IEEE802.3af Backward compatible
- Automatic detection and protection of Non-Standard Ethernet terminals
- Up to 30W Per Port Power
- Save up to 83% Power Green Technology

| Specifications |                                       |
|----------------|---------------------------------------|
| Model          | SL-POE6108GSFP                        |
| Interface      | 8x 10/100/1000T PoE                   |
|                | 1x Gigabit RJ45 Port, 1x 1GE SFP Port |
| Standards      | 802.3 10Base-T                        |
|                | 802.3u 100Base-T                      |
|                | 802.3ab 1000Base-T                    |
|                | 802.3x flow control                   |
|                | 802.3z 1000Base-X                     |
|                | 802.3af/at Power ethernet compliant   |
| Bandwidth      | 20Gbps                                |
| Mac address    | 4K MAC                                |
| PoE            | Support Per Port Max 30W              |
|                | PoE budget 124W                       |

## Data sheet

|                     |                                 |
|---------------------|---------------------------------|
|                     | 1/2(+), 3/6(-) Endspan          |
| Dimension           | 210(W) x 96(D) x 27(H)mm        |
| Working environment | Working Temperature: 0~550°C    |
|                     | Storing Temperature: -20 ~ 70°C |
|                     | Humidity: 10~90% (No condenser) |
| Power Input         | DC52V 2.5A                      |
| Warranty            | 무상보증기간1년                        |
|                     |                                 |
