

Main Features

- IEEE802.3af Backward compatible
- automatic detection and protection of Non-standard Ethernet terminals
- Up to 15.4W Power on
- Save up to 83% Power Green Technology

Specifications	
Model number	PSE1008GS
Port	8port 10/100M / Uplink Port 1GE/1SFP Port 8ports Support PoE
Standards	IEEE802.3 10Base-T IEEE802.3u 100Base-T IEEE802.3ab 1000Base-T IEEE802.3z 1000Base-X IEEE802.3x flow control IEEE802.3af Power of Ethernet compliant
IEEE802.3af	Support 15.4W (8Port)
LED indicator	Power, Link/Act, 100/1000Mbps, PoE Status
Dimension(W*D*H)	330mm*180mm*44mm
Working Environment	Working temperature: 0~40C Storing temperature: -10~45C Working humidity: 10%~90%(no condense) Storing humidity: 5%~90%(no condense)
Input Power	100~240VAC 50/60Hz
Output Power	55VC Maximal / 300~600mA / PoE Power Max 130W
Power Pin	1/2(+), 3/6(-) Endspan (Mode A)
Certifications	FCC/CE/KC ROHS
Warranty	1 Year
